About Us...

Seton Home is a home for girls ages 12 – 17 who, in most cases, have been removed from their families by Child Protective Services due to abuse, neglect or sexual assault, and are also pregnant and/or parenting a child.

A Message from Tiffany...

It is with gratitude, honor, humility, and pride that I assume the role of Seton Home's Executive Director. Seton Home has a very impressive foundation dating back nearly 35 years and we have many exciting plans for the future! I am grateful to the founders of this amazing organization and to my immediate predecessor, Margret Bamford, for her vision, leadership, and growth of Seton Home services resulting in almost 300 children being helped each year. I am inspired by the support and combined leadership of the Board Members, volunteers, friends, and staff. Although the responsibility is great, I am comforted by the many people that have offered kind words and support during this transition, and I know I am not alone in my passion and love for Seton Home. The last decade of my career has been dedicated to Seton Home and during that time I have learned that the young families we care for have the same hopes as many of us – to have a home, a good education for their children, and happiness.

Please know that Seton Home is a thriving agency because of your support. We ask every one of you to join us and dedicate yourself to helping these young families on their journey to heal. Whether in time, talent, or treasures, we appreciate your support. We have many opportunities for you to engage and get involved. You can serve dinner to our young families during "Chow's On...Us", donate items toward our monthly material request, check our website for advertised volunteer opportunities, or make a monetary donation. I hope that you can join me and be a part of this important ministry.

May the spirit of love surround you,

Tiffany Walker
Executive Director

Who We Serve...

- Our moms are between the ages of 12 – 17 and our babies are from newborn to 6 years old
- Most Seton Home residents have lived in disorganized and chaotic families, often being passed from one set of relatives, friends or foster homes to another
- Most are suffering from chronic trauma related to poverty, violence, abuse and neglect with symptoms of depression, anxiety, PTSD, and maladaptive coping skills
- 75% have experienced emotional abuse
- 91% have suffered neglect
- 69% have been involved with drugs
- 52% have suffered physical abuse

FACES OF HOPE...

Imagine yourself as a teenage girl. You were removed from your home at the age of 11 by Child Protective Services due to the physical abuse and neglect you were experiencing from your mother, and over the years have lived with 6 different foster families. Now at the age of 15, you are pregnant and have made the difficult decision to keep and raise your baby. This is Stephanie's story, a mom at Seton Home.

Stephanie came to Seton Home at the age of 15 when she was 7 months pregnant. When she first arrived at Seton Home Stephanie was scared, suffered from depression and had a difficult time adjusting to the expectations set for her. For Stephanie, school was never a priority. She was already two grade levels behind and, as a soon to be mom, didn't think graduation was in her future. With the assistance of Seton Home's Education department, within three business days Stephanie was enrolled in school and, with the support she received, she slowly began to realize graduation was a possibility. She met regularly with her on-site therapist, took parenting classes, participated in life skills trainings, and two months later, gave birth to a healthy baby girl. While on maternity leave, Stephanie continued to work towards earning school credits through a homebound program for new moms offered at her school. Stephanie attended Seton Home's weekly after-school tutoring sessions and on-campus summer school classes, giving her opportunities to earn additional credits over the summer. At the end of the 2015 school year, Stephanie achieved a goal she once never thought possible...she was a High School Graduate! Now a freshman in college, Stephanie has her sights set on becoming a nurse. She continues to live at Seton Home and her daughter, now 2 years old, is getting an early start to her education in Seton Home's on-campus Child Development Center, so that she can follow in her mother's footsteps of reaching her own academic goals!

Sharing Their Love...

Security Service Federal Credit Union is Seton Home's 2016 Seton Star Award Recipient

For the past 15 years Security Service Federal Credit Union has served Seton Home through both volunteerism and sharing of their corporate resources to make a difference in the lives of our young mothers and children. Whether it's repainting our parking lot, beautifying our campus, volunteering at the gala or serving as board president, Security Service Federal Credit Union is always enthusiastic and ready to help wherever and whenever needed. It is with great honor and pride that on March 5, 2016 at our Black and White Gala, we will honor Security Service Federal Credit Union with the Seton Star Award. Congratulations to an incredible friend and partner to our agency!
